

## Hamot Second Century Fund

*Where your gifts touch lives.*

### Hamot Second Century Fund Board of Trustees

*The Hamot Second Century Fund Board of Trustees is comprised of community leaders who volunteer their time, knowledge, compassion and resources in service toward our commitment to serving the healthcare needs of our patients.*

Dr. Barry Stamm, right, thanks Don and Mimi Leslie for their generosity, support and leadership during a dedication ceremony of the Leslie Cardiovascular Diagnostic and Treatment Center.

The Leslie Diagnostic Center, the latest expansion of the nationally recognized Hamot Heart Institute, was funded entirely through donations to Hamot. Leading the philanthropic support that made the project possible is the generosity of the Leslie family.

Dr. Stamm has recently completed a term of service as the Chair of the Board of Trustees. Mr. Leslie's long history of serving Hamot includes many years as a Trustee.
